

Aloe Body Conditioning Creme

Aloe Body Conditioning Creme is the ideal partner to Aloe Body Toner for keeping your body feeling smooth and supple. These complementary elements of the Body Toning Kit, combined with diet and exercise, can help reduce the appearance of cellulite.

There are many reasons for the appearance of cellulite. Both an imbalance in hormonal activity and high levels of estrogen can be contributing factors. It can also be caused by a breakdown in the vascular system. (Nutritional supplements to help support the vascular system are Nature-Min, Absorbent-C, A-Beta-CareE). Aloe Body Conditioning Creme can help break up the trapped fluids and fatty tissue that frequently cause cellulite.

A thick emollient cream, Aloe Body Conditioning Creme is rich in European herbal extracts, emulsifiers and humectants. Effective as a massage cream, it can also be a spot rub for the entire hip and leg area, or for parts of the body which should not be wrapped. Applied after the toning process, this non-greasy, conditioning cream gives your skin a warm glow for a great all-over feeling.

INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, C10-18 Triglycerides, Glyceryl Stearate, Propylene Glycol, Propylene Glycol Dicaprylate/Dicaprate, Cetyl Alcohol, Curcuma Zedoaria Root Oil, Zingiber Officinale (Ginger) Root Oil, Cinnamomum Cassia Leaf Oil, Triethanolamine, Hedera Helix (Ivy) Extract, Spiraea Ulmaria Flower Extract, Clematis Vitalba Leaf Extract, Fucus Vesiculosus Extract, Equisetum Arvense Extract, Soluble Collagen, Hydrolyzed Elastin, PEG-100 Stearate, Polysorbate 20, Sorbitan Laurate, Carbomer, Dimethicone, Allantoin, Ascorbic Acid, Diazolidinyl Urea, Methylparaben, Propylparaben, Fragrance.

- Helps reduce the appearance of cellulite
- Effective massage cream
- Non-greasy conditioner

PRODUCT #057

Aloe Body Toner

Aloe Body Toner, a wonderfully warming and invigorating cream, is combined with the power of stabilized Aloe Vera Gel to shape and tone the skin. Formulated to be used with cellophane wrap, it contains emulsifiers, moisturizers and humectants, plus warming agents.

This specially prepared cream, designed for use in beautifying and firming the body, includes ingredients chosen to provide a rich warming and invigorating feeling. Our secret is in combining aloe and select European herbs with two remarkable warming agents, Cinnamon Oil and Capsicum.

INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, C10-18 Triglycerides, Glyceryl Stearate, Propylene Glycol Dicaprylate/Dicaprate, Butylene

Glycol, Cetyl Alcohol, Triethanolamine, Propylene Glycol, Hedera Helix (Ivy) Extract, Spiraea Ulmaria Flower Extract, Clematis Vitalba Leaf Extract, Fucus Vesiculosus Extract, Equisetum Arvense Extract, Soluble Collagen, Hydrolyzed Elastin, Cinnamomum Cassia Leaf Oil, PEG-100 Stearate, Polysorbate 20, Sorbitan Laurate, Carbomer, Capsicum Frutescens Resin, Ascorbic Acid, Methylparaben, Propylparaben

CONTENTS

NET WT. 4 Oz. (113g)

DIRECTIONS

Refer to the instructions supplied in the Aloe Body Toning Kit.

- Beautifies body while toning and firming
- Moisturizes and conditions the skin
- Superb combination of herbal complexes and warming ingredients.

PRODUCT #056

Aloe Body Toning Kit

Indulge yourself with an at-home body wrap designed to help trim, tone and tighten, minimizing the appearance of cellulite. European herbal complexes and natural warming agents are your “secret weapons” in the war against the unsightly appearance of cellulite.

We take pride in this excellent collection, so treat your body to what it deserves, and look your very best with Forever’s Aloe Body Toning Kit.

INGREDIENTS

For ingredients in the Aloe Body Toner or Aloe Body Conditioning Creme, please refer to the individual product pages in the Skin Care section.

pregnant or have had recent surgery, or if you have certain medical conditions including heart disease, phlebitis or circulatory problems. Prior to use, test a small patch of skin to check for allergic reaction.

CONSULT YOUR DOCTOR PRIOR TO USING PLASTIC WRAP. KEEP PLASTIC WRAP OUT OF THE REACH OF CHILDREN.

IMPORTANT

When using Toner and Conditioning Creme:

- Wash your hands immediately following application.
- Avoid contact with eyes.
- Do not apply to face, breasts or genital areas.
- If skin irritation or reaction occur, rinse with water immediately.
- Do not apply to irritated or newly shaved skin.

FOR BEST RESULTS FOLLOW THE DIRECTIONS EXACTLY AS INDICATED.

The Aloe Body Toning Kit includes:

- Aloe Body Toner
- Aloe Body Conditioning Creme
- Aloe Bath Gelée
- Loofah and plastic wrap

WARNING: Do not use Toning Kit if you are

PRODUCT #055 (Collection)

Using the Aloe Body Toning Kit

STEP 1

Cleanse with Aloe Bath Gelée and loofah

Experience an Aloe Bath Gelée luxury - cleanse, exfoliate, revitalize, massage, enrich, and relax with our exclusive Aloe Bath Gelée and loofah. Apply Aloe Bath Gelée to loofah and work into a rich lather by massaging the skin in a gentle motion; rinse. Use daily to give your skin a soft, smooth glow.

STEP 2

Mark and Measure

You may want to keep a record of your measurements to track inch loss. Prior to the toning process, lay a tape measure flat against your skin and mark your skin above and below the measuring tape with a permanent felt-tip pen. The marks are a guide to assist you in measuring accurately. Once the toning process is complete, measure again placing the tape measure between the marks.

STEP 3

Apply Aloe Body Toner

Test a small patch of skin for allergic reactions prior to application of the Aloe Body Toner. If after 24 hours no redness or itching occurs, then smooth liberally over the areas you wish to tone. The Aloe Body Toner has a warming and stimulating effect on the skin; more toner may be applied to increase these effects.

STEP 4

Apply Plastic Wrap

Wrap the plastic wrap around the areas where Toner has been applied. **DO NOT WRAP FACE, NECK, CHEST, SHOULDERS, FOREARMS, CALVES or GENITAL AREAS.** For your safety, the Aloe Body Toning Kit is only for use on the upper arms, abdomen and thighs. A second layer of plastic wrap may be applied if desired.

While in a relaxed position, leave the wrap in place for approximately one hour. Do not engage in any strenuous physical activity and do not fall asleep. Using blunt-tip scissors, remove and discard the used plastic wrap. Measure again, placing the tape measure between the marks. Subtract the total from the original measurements - the difference represents your overall inch loss. Massage in any remaining Aloe Body Toner left on the skin.

Maintenance

Aloe Body Conditioning Creme

Between body wraps, liberally apply Aloe Body Conditioning Creme to the entire body for smooth, glowing skin. Aloe Body Conditioning Creme is the ideal partner to Aloe Body Toner for keeping your body feeling smooth and supple. These complementary elements of the Body Toning Kit, combined with dieting and regular exercise, can help reduce the appearance of cellulite.

Apply Creme directly to the skin on areas not wrapped during the toning process, or use on all areas as a maintenance cream when no wrapping is involved. The Aloe Body Conditioning Creme helps to stimulate circulation, breaking up trapped fluids and fatty tissues. Do not apply Creme to irritated or newly shaved skin or immediately after bathing. Do not apply to the breasts, face, genital areas or mucous membranes. Avoid contact with the eyes. In case of skin irritation or reaction, rinse liberally with warm water.

Wash your hands immediately following application, close lid tightly and keep out of the reach of children.

General Notes:

The wrapping procedure should be followed according to your desire to tighten up or slim down. There will be a less visible effect on those with long-term fatness, as fatty deposits turn hard once stored under the skin for a while. Regular exercise and proper diet will be needed for a long-term benefit to be gained. Those with firm muscle tone will also see less benefit from body wrapping.

Those who have gained weight over a short period of time or who have loose muscle tone, are most likely to benefit from this process. The wrapping procedure can safely be applied two or three times in the first week, with decreasing frequency in subsequent weeks according to desire.

Feeling thirsty after applying the toner process is normal as water has been lost within the body. It is recommended that you drink more water to enhance metabolism and accelerate the elimination of water and fat.

Skin Care

Aloe First®

Aloe First is an excellent addition to any first aid kit. This exclusive skin soothing formula is an excellent first step for soothing minor skin irritations. Formulated in a base of stabilized Aloe Vera Gel, Aloe First contains Bee Propolis, Allantoin and eleven exclusive plant extracts:

- Bee Propolis increases the natural skin-soothing and cleansing properties of the Aloe Vera Gel.
- Allantoin is a beneficial ingredient found in many plants, including aloe.
- Eleven carefully selected plant extracts, also known for their beneficial properties, complete this powerful formula.

The combination of aloe and herbs provide a naturally soothing, pH-balanced spray that is easy to apply to even sensitive skin. Aloe First is designed to soothe the skin after minor cuts, scrapes, burns, and sunburn.

Other uses for Aloe First include spraying on hair to help ward off the elements. It is even used in some hair salons as a pre-perm solution, as it helps

combat the drying effects of perming solutions. Aloe First is especially soothing after waxing.

INGREDIENTS

Aloe Barbadosensis Gel (Stabilized Aloe Vera Gel), Water, Allantoin, Glycerin, Tocopherol (Vitamin E Natural), Bee Propolis, Calendula Officinalis Flower Extract, Achillea Millefolium Extract, Thymus Vulgaris (Thyme) Flower/Leaf Extract, Anthemis Nobilis Flower Extract, Taraxacum Officinale (Dandelion) Rhizome/Root Extract, Eucalyptus Globulus Leaf Extract, Passiflora Edulis Flower Extract, Salvia Officinalis (Sage) Leaf Extract, Zingiber Officinale (Ginger) Root Extract, Borago Officinalis Extract, Santalum Album (Sandalwood) Extract, Polysorbate 20, Sodium Citrate, Diazolidinyl Urea, Methylparaben.

CONTENTS

16 Fl. Oz. (473ml)

DIRECTIONS

Apply liberally to the skin as needed to soothe and moisturize.

- Every first-aid kit should have one
- Soothes minor skin irritations
- Good for your hair, too
- Pre-perming solution
- Soothing after wax treatments

PRODUCT #040

Version 5

Aloe Heat Lotion

After a long, active day, we can all use a soothing massage. Now you can stretch no further than to grab a tube of Aloe Heat Lotion!

This rich emollient lotion contains deep heating agents to make it the ideal massage companion for tired muscles and dry skin. Aloe Heat Lotion is a pH-balanced, lubricating lotion designed for a soothing, relaxing massage. The deep penetrating power of Aloe Vera will help your muscles and skin forget the cares of the workday. Especially good after sports or hard workouts!

INGREDIENTS

CONTENTS

4 Fl. Oz. (118ml)

DIRECTIONS

Apply liberally and massage into skin as needed. Avoid contact with eyes. Should contact occur, flush with water for several minutes.

- An ideal massage lotion
- Soothing relief after work, sports or working out
- Suitable for children and adults

PRODUCT #064

Aloe Lotion

One of our signature products, Aloe Lotion is a wonderful, all-purpose, concentrated skin lotion with Jojoba Oil and Vitamin E to moisturize and soothe the skin. Collagen and Elastin are added to this fine mix to assist in keeping the skin smooth and supple. It is an ideal choice for applying to dry, chafed, wind-blown or weathered skin.

Light in scent but long on soothing dry, irritated skin, Aloe Lotion quickly restores your skin's delicate pH balance to keep it supple and soft. Our improved formula takes advantage of the latest breakthroughs in skin care technology to make Aloe Lotion feel sensational all over your face and body!

INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, Propylene Glycol, Stearic Acid, Glyceryl

Stearate, Triethanolamine, Cetyl Alcohol, Prunus Armeniaca (Apricot) Kernel Oil, Petrolatum, Lanolin, Simmondsia Chinensis (Jojoba) Seed Oil, Soluble Collagen, Hydrolyzed Elastin, Tocopherol (Vitamin E Natural), Oleic Acid, Stearyl Stearate, Diethylhexyl Adipate, Ethylhexyl Stearate, Ethylhexyl Palmitate, PEG-100 Stearate, Sodium Hyaluronate, Sodium PCA, Anthemis Nobilis Flower Extract, Allantoin, Lanolin Alcohol, Ascorbic Acid, Diazolidinyl Urea, Methylparaben, Propylparaben, Fragrance

CONTENTS
4 Fl. Oz. (118ml)

DIRECTIONS

Apply liberally. Best results are obtained by gently massaging until lotion is absorbed into the skin. Reapply as needed.

- Moisturizer for face and body
- Excellent after-sun moisturizer
- Hand lotion
- Finer texture than Aloe Moisturizing Lotion
- Very soothing

PRODUCT #062

Aloe Moisturizing Lotion

Weather, wind and pollution - day in, day out, they take their toll on your skin. Now you can help your skin overcome the elements with our exquisite Aloe Moisturizing Lotion.

This unique lotion has outstanding humectant and moisturizing properties. It contains Collagen and Elastin to keep the skin smooth, soft and elastic while maintaining the skin's natural pH balance. Thicker than our Aloe Lotion, it is ideal for replenishing lost moisture and restoring skin's soft, silky feel. Aloe Moisturizing Lotion is excellent for face, hands and body, helping to counteract the effects of pollution and the environment. Once the lotion has been smoothed on and absorbed through the skin, makeup can be applied as usual.

INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, C12-15 Alkyl Benzoate, Stearic Acid,

Glyceryl Stearate, Hydrogenated Polyisobutene, Methyl Gluceth-20, Sorbitol, Prunus Armeniaca (Apricot) Kernel Oil, Polysorbate 60, Triethanolamine, Cetyl Alcohol, Soluble Collagen, Hydrolyzed Elastin, Simmondsia Chinensis (Jojoba) Seed Oil, Tocopherol (Vitamin E Natural), Sodium Hyaluronate, Sodium PCA, Anthemis Nobilis Flower Extract, Allantoin, Dimethicone, PEG-100 Stearate, Ascorbic Acid, Diazolidinyl Urea, Methylparaben, Propylparaben, Fragrance

CONTENTS

4 Fl. Oz. (118ml)

DIRECTIONS

Apply to face, hands or body. Gently massage until lotion is absorbed. If used as a foundation for makeup, allow a thin film to remain.

- Moisturizer for face and body
- Excellent for hands
- Rich in texture

PRODUCT #063

Aloe MSM Gel

When you're looking for soothing relief, reach for Aloe MSM Gel. MSM stands for Methyl Sulfonyl Methane, an organic sulfur found in almost all living organisms. In fact, sulfur is the third most abundant substance in our body.

The other main ingredient in Aloe MSM Gel is pure, stabilized Aloe Vera. Aloe MSM Gel combines these two powerful ingredients with herbal extracts and other select ingredients for soothing relief anytime. Try new Aloe MSM Gel today!

DIRECTIONS:

Apply liberally and massage into skin areas where needed. Should eye contact occur, flush with water for several minutes. Repeat application as needed.

INGREDIENTS:

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, Dimethyl Sulfone (MSM), Glycerin, Triethanolamine, Dimethicone, Arctostaphylos Uva Ursi Leaf Extract, Sodium Hyaluronate, Allantoin, Tocopherol (Natural Vitamin E), Melaleuca Alternifolia (Tea Tree) Leaf Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract, Salix Alba (Willow) Bark Extract, Polysorbate 80, Ascorbic Acid, Carbomer, Disodium EDTA, Methylparaben, Diazolidinyl Urea.

CONTENTS

4 Fl. Oz. (118 ml)

- Clear, non-staining formula
- For soothing relief anytime
- Contains pure, stabilized Aloe Vera

PRODUCT #205

Aloe Propolis Creme

Who but Forever Living Products could produce a moisturizer as unique as Aloe Propolis Creme? Combining our world leadership in Aloe Vera and beehive products, Aloe Propolis Creme is one of our most popular skin care products.

Excellent as a skin moisturizer and conditioner, Aloe Propolis Creme is a rich blend of stabilized Aloe Vera Gel and Bee Propolis, with other ingredients recognized for their contribution to healthy skin. Chamomile, one of nature's best-known skin care herbs, is also added to the mix. Vitamins A and E complete the formula, recognized for their natural skin-conditioning properties.

Reach for Aloe Propolis Creme to help maintain a healthy skin tone and texture!

INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Glyceryl Stearate, Propylene Glycol, Cetyl Alcohol, PEG-100 Stearate, Lanolin, Sorbitol, Diethylhexyl Adipate, Ethylhexyl Stearate, Ethylhexyl Palmitate, Allantoin, Bee Propolis Extract, Lanolin Alcohol, Dimethicone, Tocopherol (Vitamin E Natural), Beta Carotene (Provitamin A), Anthemis Nobilis (Chamomile) Flower Extract, Triethanolamine, Ascorbic Acid, Disodium EDTA, Diazolidinyl Urea, Methylparaben, Propylparaben, Fragrance.

CONTENTS

NET WT. 4 Oz. (113g)

DIRECTIONS

Apply liberally as needed.

- Provides soothing relief
- Excellent moisturizer
- Combines Aloe Vera and Bee Propolis

PRODUCT #051

Aloe Sunless Tanning Lotion

Forever's rich, Aloe Vera-based Sunless Tanning Lotion lets you "tan" safely year-round without the damaging effects of the sun's UV rays! The more often you apply it, the deeper your tan becomes. Once you've attained your desired tan level, less frequent applications are necessary.

Aloe Sunless Tanning Lotion's special formula pampers your skin with a luxurious aloe-based blend of hydrating moisturizers for safe, year-round results. Achieve a natural-looking, smooth, even tan, without depending on Mother Nature!

INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, Dihydroxyacetone, Glycerin, Methyl Gluceth-20, C12-15 Alkyl Benzoate, Helianthus Annuus (Sunflower) Seed Oil, Cyclomethicone, Ethoxydiglycol, Dimethicone Copolyol, Cetyl Alcohol, Glyceryl Stearate, PEG-75 Stearate, Ceteth-20, Steareth-20, Polysorbate-60, Xanthan Gum, Methylparaben, Diazolidinyl Urea, Propylparaben, Disodium EDTA, Fragrance.

CONTENTS

4 Fl. Oz. (118ml)

DIRECTIONS

For best results, bathe or shower before applying Sunless Tanning Lotion. Apply in a thin, even coat. Use sparingly on knees, elbows and ankles. Reapply every 4-5 hours until desired tan is achieved. Wash hands immediately and thoroughly after using. Avoid contact with clothing and furniture until skin is completely dry. Reapply every day or two (or as needed) to maintain your tan. (Note: product does NOT contain sun-screen.)

APPLICATION TIPS

For an even, streak-free tan, begin by exfoliating your skin. Moisturize, using one of our excellent moisturizers, and allow 15 minutes for the lotion to absorb to avoid interfering with the tanning agent. Apply the tanning lotion as directed.

Allow 20 minutes to dry.

If you apply directly with your hands, thoroughly wash them immediately after application, or rub them with fresh lemon juice to prevent staining your palms.

- Doesn't streak
- No unpleasant smell while activating
- Aloe-based for additional moisturization
- Repeat application for deeper tan

PRODUCT #239

Aloe Sunscreen

Everything seems better when the sun shines, but this 'silver lining' brings its own cloud! With today's knowledge of the dangers of over-exposure to the sun, we seek only the highest quality sun protection products available.

Aloe Sunscreen provides just that! Combining modern science with natural ingredients, this effective sunscreen helps to soothe, lubricate, moisturize and protect the skin against sun damage. With an SPF of 30, Aloe Sunscreen blocks both UVA and UVB rays, while this silky, smooth lotion made with pure stabilized Aloe Vera Gel, rich moisturizers and humectants, maintains the skin's natural moisture balance.

ACTIVE INGREDIENTS

Octyl Methoxycinnamate, Octisalate, Oxybenzone, Zinc Oxide

INACTIVE INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, Dimethicone, Polysorbate 80, C12-15 Alkyl Benzoate, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Squalane, Glyceryl Stearate, Cetyl Alcohol, Glycerin, Polysorbate 60, VP/Eicosene Copolymer, PEG-100 Stearate, Diazolidinyl Urea, Methylparaben, Propylparaben, Xanthan Gum, Fragrance, Tocopheryl Acetate.

CONTENTS

4 Fl. Oz. (118ml)

DIRECTIONS

Apply liberally to all exposed areas 15-30 minutes before exposure to the sun. Reapply when skin feels dry, or within 40 minutes of any water activity.

- High SPF for more sun protection
- Strong, water resistant formula which retains its SPF up to 40 minutes after water activity
- Moisturizes skin to prolong your tan
- Safe and gentle enough for children

PRODUCT #199

Some Helpful Information About the Sun and Tanning

- Take sensible precautions to avoid sunburn, particularly in children.
- Limit unprotected exposure to solar radiation, especially during the hottest midday hours between 10am and 2pm.
- Seek shade wherever possible, but remember sunburn can occur even while in partial shade.
- Sunburn can also occur while in the water, and can be equally damaging from the high level of reflected UV radiation off snow or sand.
- Covering your head with a wide-brimmed hat or cap, reduces exposure to the face, head and neck.
- Cover exposed skin with protective clothing, such as long-sleeved shirts.
- Sunglasses should be designed to exclude both direct and peripheral exposure of the eye.
- Apply sunscreen with high SPFs (minimum 15), to uncovered skin. Apply generously, and reapply frequently.
- Certain prescribed drugs, medicines and cosmetics may make you more sensitive to sunlight.

FACTS ABOUT SUN PROTECTION

- Sunlight is essential to all life on earth, and most of its effects are beneficial. However, a component of sunlight that is invisible to our eyes is ultraviolet, or UV light. As we travel to hotter climates on vacations, and suntan as often as possible, incidences of skin cancer rise dramatically. Research shows that nearly all skin cancers are caused by the sun, and fall into two main types: Non-melanomas, although rarely fatal, account for about 5% of registered malignancies, and predominantly affect the elderly. Malignant melanomas, on the other hand, occur in a much younger age group, and account for just under 10% of cancers in the 20-

39 age group. This rate has doubled over the last fifteen years and is now the cause of 1 in 25 cancer deaths in this age group. Taking more care of our skin in the sun could help to drastically reduce this statistic.

- Sunlight contains two types of UV radiation, known simply as UVA and UVB. Both types cause changes to the skin, but there are important differences. Remember: A is for Aging, B for Burning. UVA penetrates deeply, leading to drying, wrinkling, sagging (from reduced elasticity) and blemishes (such as 'liver spots'). UVB, produces surface damage ranging from a slight redness to severe blistering.
- The Sun Protection Factor (SPF) of a cream or lotion, indicates the level of protection offered against the effects of prolonged exposure to sunlight. It is the ratio of the UV exposure needed to produce minimal erythema (redness) on a skin site protected by the sun cream, compared to the UV exposure needed to produce comparable erythema on unprotected skin. The greater the SPF number, the longer the skin can be exposed to direct sunlight without damage. Nevertheless, even when using a good sunscreen, common sense is vital!

Aloe Vera Gelly

Historically, a major use of Aloe Vera was to soothe minor skin irritations. Many households kept a live aloe, or 'burn plant' for first-aid use. Essentially identical to the Aloe Vera's inner leaf, our 100% stabilized Aloe Vera gel lubricates sensitive tissue safely. Specially prepared for topical application to moisturize, soothe and condition, Aloe Vera Gelly is a thick, translucent gel containing humectants and moisturizers. Readily absorbed by the skin, it soothes without staining clothes.

Aloe Vera Gelly provides temporary relief from minor skin irritations. It can also be used on the skin prior to ultrasonic treatment, or after electrolysis. Hairdressers use the Gelly around the hair line before perming and coloring.

From your bathroom cabinet to the first-aid kit, and from the kitchen to the campsite – Aloe Vera Gelly is an ideal companion for skin that needs a little extra care.

INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, Glycerin, Triethanolamine, Carbomer, Tocopherol (Vitamin E Natural), Allantoin, Ascorbic Acid, Diazolidinyl Urea, Disodium EDTA, Methylparaben.

CONTENTS

4 Fl. Oz. (118 ml)

DIRECTIONS

Thoroughly cleanse skin before liberally applying Gelly. Repeat application as required.

- Quickly soothes the skin
- Does not stain clothing
- Ideal for any first-aid kit

PRODUCT #061
